# A Letter from Alex

---

Mozination –

Many people ask if there's a way they can "give back" to me – and normally – the answer is no – just win.

But today, I DO have something to ask...

\$100M Leads (my next book) is coming out on the **19th of August**.

And – word-of-mouth for a book can make a world of difference.

And so...if you'd like to help promote the \$100M Leads Launch, we've created a cool way to share it (and get credit).

If you haven't already: [You can sign up and get a shareable link here.](#)

Please email the link to your list and share to your audiences to tell them about the book launch (if it would serve your community).

As an added bonus:

- 1) The **top 10 referrers** who invite the most guests, get a private round with me for your audience. This way clicking your link actually benefits them – so you don't use up any goodwill. ;)
- 2) **Anyone who gets 10 people or more** to register gets 2 bonus chapters not being published. That way, even if you're not in the top ten you can still get something cool plus some extra goodies.

This means a lot to me. Hence the ask.

So if you've enjoyed 100M Offers... or any of the free content I've put out over the last two years, please share that value by inviting your audiences.

Thank you again,

*A. H*

## **Life Hack:**

*"If you introduce something valuable to someone, they associate that value with you."*

# **Key selling points & Facts: What makes this launch special? Why is this a big deal?**

---

## **Before – 100M Offers**

It's been 2 years since the launch of 100M Offers. (Alex's LAST book). It's sold over 430,000 copies (and counting) and has over 15,000 5\* reviews on Amazon.

100M Offers got launched off a single social media post when Alex had around 10k followers. There were no ads. It still sold out in less than 5 minutes.

100M Offers success is down to word of mouth – which is one of the concepts taught in the new book.

## **Now – New book 100M Leads**

This new book is being launched live on **August 19th.**

All 8 ways of getting leads (from the book) are being used to help promote the event. (Cold Outreach, Warm outreach, Affiliates, Referrals, Paid ads, Employees, Agencies, and Content)

**Over 240,000 people are already registered** for the live event. More are being added daily. Ads have not been switched on yet.

Today, Alex has over 5 million social media followers. On a monthly basis across social media, we get around 143,000,000 impressions. Per month. (This is considerably more than 10k followers 2 years ago.)

---

# Reasons to attend:

---

## 1. This book launch has a secret.

Alex has a secret project he's been working on for 4 years that predates 100M Offers and 100M Leads. He will be announcing it live for the first time. **Only people who attend live will get it.**

\*We will manually export all live attendees and only make the secret project available to those people.

2. Earlier this year Alex announced he removed "I have nothing to sell you" from all his social media profiles and 114 YT videos. It's NOT because he has some courses or coaching program.

It's because the hard copies of his new book \$100M Leads will be for sale (with some extra goodies added in!)

3. Alex has so far spent **over 1 million dollars cash** to make it special for Mozintion and to provide value.

4. **This is a one-time event.** It is likely the only time you can see a book launched like this.

5. Physical copies are being released OFF the Amazon platform.

Meaning if you want a physical copy on DAY 1, you have to show up live or be on the list.

The link for that will be dropped live on the event on the 19th of August on its own website.

Rumor has it: Amazon had a limit on how many physical copies of a new book they allow in their warehouse. Alex has built a new site for the day-one release and to give out more goodies. And - contracted with a massive warehouse to be able to fulfill the demand he expects.

6. People have the chance to be one of the first to get a physical book. This is a limited production for physical copies because the order had to be placed 6 months before the event. (This also means it might sell out).

---

# Credibility/ background:

---

1. Alex reached a personal net worth of over \$100M by 32
2. His main company Acquisition.com gets over 20,000 leads a day. They sell everything from a buck to \$1,000,000 plus.
3. He has a lifetime average return on advertising of 36:1. That means for every \$1 he spent on advertising, he has gotten \$36 back. A return of 3600%.
4. He sold 66% of his supplement and gym licensing business (Gym Launch) to American Pacific Group at a \$46,200,000 valuation. And that was AFTER taking \$42,000,000 in owner pay over the first 4 years.
5. Over the last 24 months, Alex has created a following of over 5 million people.

# Key Avatars:

---

**For business owners:** This book shows how to build a \$100M Leads Machine using 8 core frameworks. They should both optin for the event to see how it is advertised, and attend. To both learn through demonstration – and for the actual book itself to help them do the same.

**For new entrepreneurs (or people wanting to start):** This book helps anyone start their own business. It shows you how to get your first 5 –paying clients for any product or service. (Plus, how to raise your prices and when to do so.)

**For marketers:** This will likely be one of the largest non-fiction books of the year. You'll see ads, emails, affiliates, and maybe some records broken. There is some meta behind-the-scenes content. So for anyone taking part and participating you will learn something. You'll also want to start presenting earlier so that people who are on your list or audience get attributed to you versus someone else who advertises to them before you. If they're gonna go either way, might as well be credited to you.
